BNA Consulting

Installation:

CR Lighting & Electric

System Integrator:

Barbizon Light of the Rockies

Grand Re-Opening:

November 2025

The Ogden Eccles Conference Center, originally built in 1997, is located at the heart of downtown Ogden and comprised of two facilities – The David Eccles Conference Center and the Historic Peery's Egyptian Theater. Conveniently located with hotels, shopping, dining, and entertainment all within walking distance, the conference center is the perfect venue for meetings, tradeshow, and social events from 10 to 1,500 attendees.

In early 2024, a \$20 million renovation kicked off with the goal of modernizing the space – including updated flooring, technology, furniture, and LED cove lighting from Traxon. Our Cove Light Plus RGBW is used throughout ballroom and circulation spaces to provide ambient color for conferences, meetings and events alike.

As a result of this renovation, the convenience, quality of service, ambiance and beauty of the Ogden Eccles Conference Center shine even brighter, making it an even more desirable location to host the ideal event!
